

# SPEECH FROM THE THRONE AT THE RE-OPENING OF PARLIAMENT

Honorable gentlemen of the senate, gentlemen of the house of commons:

I take this public opportunity of expressing to you all my deep sense of gratitude for the comfort and support that were afforded us at the time of the serious illness of the Duchess of Connaught by the numerous messages of sympathy that were received from Canada and by the knowledge that the hearts of so many Canadians were with us during those dark days. I can only regret that my enforced absence has made it impossible for me to fully exercise the duties of my high office during a considerable portion of last year.

It gives me great pleasure to be able to congratulate you upon the remarkable expansion of Canada's trade with other countries in the past year, during which our total trade far exceeded that of any preceding year.

Theiful crops with which the Dominion has fortunately been blessed during the past season have been harvested under unusually favorable conditions which have enabled the transportation companies to make full use of all the facilities at their disposal. Thus the difficulties which sometimes arose in former years have not been manifest, and an unusually large proportion of the crops have been conveyed to the seaboard before the close of the season of inland navigation.

Canada has been favored by a long series of prosperous years, and although at the present moment business is slightly restricted by the financial stringency which prevails throughout the world, I feel convinced that this condition will be merely temporary, and that the boundless resources of this Dominion, which are so fully and uni-

versally known and recognized, give us the fullest assurance of continued material prosperity and progress.

As a result of the recent census the representation of the different provinces must be re-adjusted as required by the British North America Act, and a bill will be introduced for this purpose.

A bill consolidating the railway act and its various amendments, as well as bills relating to the civil service and to trust and loan companies, will be submitted for your consideration.

Several other bills will be submitted, including measures providing for increased representation of the provinces of Manitoba, Saskatchewan, Alberta and British Columbia in the senate.

The volume of immigration during the present fiscal year promises to be greater than that of any preceding year. It has come in greatest measure from the British Isles and from the United States, but a large stream of desirable immigration has also reached our shores from other countries.

You will be pleased to learn that satisfactory arrangements have been made with the various provinces under the agricultural instruction act passed at the last session. My advisers are re-convincing that the co-operation between the Dominion and the provinces which is thus afforded will accomplish excellent results in assuring better agricultural instruction and needful improvement of existing methods of agriculture.

The work on the national transcontinental railway has been rapidly advanced during the past year, and notwithstanding the difficulties attending the construction of the Hudson Bay railway and the provision of terminals, every possible progress has been made in bringing that important project nearer to completion.

In connection with the highly important subject of transportation of our products, the provision of adequate terminal facilities at our great national ports has received, and is receiving, the attention of my advisers. You have doubtless learned with satisfaction that the new government terminal elevator at Port Arthur is completed, and that it has been in operation since October last. In conjunction with this system of interior terminal elevators has been begun which will provide largely increased facilities for the farmers of the great grain production provinces.

The international conference on safety of life at sea, which has been in session in London for several weeks, has had under consideration questions of the highest importance, and it is hoped that its deliberations may result in more effective measure for assuring the safety of the passengers and crews of ocean-going steamships. Representatives of Canada were appointed by order in council, and may have been in attendance at all sessions of the conference.

Gentlemen of the house of commons: The accounts for the last fiscal year will be laid before you. You will be pleased to know that the revenue has been ample to cover both ordinary and capital expenditure. The estimates for the next fiscal year will be submitted at an early date. They have been prepared with due regard to the necessary development of the resources of the Dominion, coupled with careful attention to economical administration.

Honorable gentlemen of the senate, gentlemen of the house of commons: In inviting your careful consideration of the subjects to which I have called your attention, I pray that the blessings of Divine Providence may attend your deliberations.

OPPOSE WOMAN FOR JOB SHE DOES NOT WANT.

Dr. S. Josephine Baker

"My work I consider the best I am in perfect in the Health Department, and I have not even considered taking examinations for the posts of either General Medical Officer or Sanitary Superintendent. Both of these positions may pay better salaries than I am now getting, but you know we all don't work wholly for money. This statement was made by Dr. S. Baker.

## SOUTH AFRICA STRIKERS ARE LOSING GROUND

Bain's Barricaded Forces in Trades Hall Surrender Unconditionally,

LEADER AND TEN OTHERS ARE LOCKED UP IN JAIL

Seven - pounder Field Gun Proves an Irresistible Argument Against Them.

Johannesburg, Union of South Africa, Jan. 15.—Secretary Bain of the South African Federation of Trades, and his band of 300 comrades who had barricaded themselves in the Trades Hall since Tuesday, surrendered unconditionally today. Mr. Bain and 10 other leaders were lodged in jail.

A seven-pound field gun trained on the Trades Hall forced an immediate surrender. Mr. Bain and his companions and the government authorities gave them a quarter of an hour in which to yield, informing them that if they did not do so they would be buried beneath the ruins of their fortress.

After a brief conference they surrendered.

Although the struggle between employers and trade unionsists in South Africa has doggedly today there were indications that the strikers were losing ground.

The Transvaal Leader, a newspaper, which had hitherto employed only white labor, issued only four pages this morning.

These had been composed by hand instead of typewritten machines and carried the headline "That future no union men would be engaged on this paper."

Along the Rand the situation is reported satisfactory to the government, and the strikers are said to have volunteered their services for the protection of the property.

Although laborers of all trades have joined the Amalgamated Orange Free State Miners and the Cape Colony and Natal are still at their occupations.

There is evidence some lack of sympathy with the revolution against the employers among the strikers who correspond to the Industrialists (I.W.W.) of the United States. Some of the strikers in this city may be an exception, however, as the matter now stands the charter maker provided for these amounts being paid out of capital account as far as the local improvements go, and the amount of the capital of the council has authorized the amounts being paid out of the current revenue account.

In setting the case this morning the miners pointed out that where two laws are conflicting it would be quite proper to assume that the higher law, namely the Princess Patricia, would be followed.

## EDMONTON NEEDED CONSULAR AGENCY

George S. Montgomery, Recently Returned to City, Has Been Kept Busy.

### SAVES TRIP TO CALGARY

Previously Americans Had to Go to Gow Town to Transact Business.

The United States government has finally recognized Edmonton's importance as a Canadian point in around which there are a large number of Americans and ex-Americans, and has appointed George S. Montgomery as consul-general.

Mr. Montgomery has just returned from a trip to the central and middle west states, and hereafter will be in a position to do many things for United States citizens who have heretofore had to go to the consul at Calgary. The Calgary consular office has been open for eight years with S. C. Read in charge, but at present there are two assistants, the other office, one at Lethbridge and the one just being opened in Edmonton.

Mr. Montgomery has been trying to have a consulate established here ever since the U. S. government recognized Calgary in such a way, but until now has been unsuccessful. The necessity for one is shown almost every day. For example, only recently an American came into the Montgomery office in the Empire block with a warranty deed for property in the state of New Jersey. He wanted to transfer it, but the New York office did not know the metropolis of the document. By an Alberta notary public, and had it not been that Mr. Montgomery had been appointed an agent of the consular office, the man would have had to go all the way to Calgary to have the papers fixed up.

A woman here also owned property in Los Angeles which she wished to have transferred to her son, who was some one accessible to the California authorities, and she too was glad to find a place in Edmonton where she could do so. A man died in Daysland three years ago, and it was only through the services of the man that his heirs were located the other day in Sacramento, Cal.

The Edmonton agency will be located in the Montgomery office at 1515 Empire street, 16 Empire block. A United States flag, shield and other official paraphernalia has arrived from Washington, and the Stars and Stripes will wave over the entrance of the Empire block on 15th street, near the corner of Jasper. Mr. Montgomery has been in Edmonton for the past 12 years, having come from North Dakota. He is a native of Illinois.

### No Hope for Hindu Priest.

Vancouver, Jan. 15.—Justice Marston yesterday killed all chance of the return of the Hindu priest, Baghwan Singh, to Canada, after he had long waited in vain in favor of the arrival of the Dominion government immigration department deporting him. No action for damages can therefore be against the department.

### Dubious Appeal Useful.

Port Arthur, Ont.—Concerning the popular opinion, the appendix is a very useful organ, according to Dr. Roberts, who in a paper read before the Academy of Science, demonstrated the important part it plays in digestion.

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salt to flush kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some former other days a well-known authority, because the uric acid in meat excites the kidneys, they become over-worked; get salt water up and cause a sense of distress, particularly backache and misery in the kidney region; rheumatism twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jed Salt, from any drug store, and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will think fine. This famous salt is made from the skins of grapes and lemon juice, containing citric acid, and has been used for generations to flush clogged kidneys and stimulate the normal activity, also to neutralize the salts in the urine so it no longer irritates thus ending discomfort.

Jed Salt cannot injure anyone; makes a delightful after-dinner water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

## COBEQUID IS NOW A BATTERED HULK

That Passengers Are All Safe Considered Nothing Short of Miracle.

## RESCUED ARRIVE AT PORT Disaster Was One of Most Memorable in History of Nova Scotia.

Halifax, N.S., Jan. 15.—Few of the great shipping disasters of Nova Scotia history can compare with the one which had its culmination at eight o'clock last night, when the little steamer Westport, carrying passengers and freight, the rescued passengers and crew, numbering 72, from the stranded royal mail steamer Liner Empress of Canada, from Bequia, via Bermuda, to St. John, and piled on the treacherous reefs of Trinity Bay, was wrecked at the entrance of the Bay of Fundy, early Sunday morning.

On reaching the first rescue ship came the tug John L. Camb, with 24 of the ship's company. Standing by the ship during the night, and for the purpose of taking off at daylight those who were remaining aboard, was the Canadian steamer King Edward VII, from Liverpool, with a crew of 150, and the lady Laurier was expected to be ashore in time to-morrow.

For nearly 18 hours in the midst of a howling blizzard, encircled in vapor and snow, 160 men and women are huddled in a stricken ship six miles from land, while the roar of the surf of the Bay of Fundy breaking over them with the force of mid-winter encasing the ship's deck in a thick sheet of ice, and the sheathing of ice, and with each comber as it smashed against the ship's sides bringing the vessel to a standstill between the squalls.

Out of the portion of the steamer that had not been crushed by the blizzard, happy houses on the coast, where brave men were more willing to rescue the survivors than to save their own persons, could be devised to bring them to land.

All that remains of the ship is but a heap of broken hull, the most dangerous ledge on the Bay of Fundy.

That her one hundred and eight persons who had been safe tonight seems to be a miracle, while some idea is gained of the terrible seas that have been running off the coast.

**MEMBER OF EXECUTIVE  
DID NOT LIKE THE WORK  
AT EXHIBITION GROUNDS**

The city officials in charge of the unemployed crowd at the Exhibition grounds had considerable trouble yesterday afternoon occasioned by the putting to work of the unemployed lepers. This stirred up the other members, who are opposed to employing the lepers.

One member, and member of their meeting, made long speeches, and demanded that the other members of their organization be put to work for the lepers. They took a vote on the question with the result that they lost out, as a big majority of the regulars who were voted in favor of the man who worked.

The executive which appealed to Alderman Chas. C. Ross, president of the committee, who agreed with the officials, turned the kitchen work over to the lepers.

In charge of the work is that if these men are kept outside of the camp if these men are kept outside of the camp, then they will be asked to do their work, same as the rest, or they will not be allowed to stay around the camp.

## THREATEN TO BLOW UP G.T.P. OFFICES IN THIRTY DAYS

French-Canadian Society at  
Montreal Objects to "Blo-  
kies" Being Employed,

Montreal, Jan. 15.—The general offices of the Grand Trunk on McGill street are to be blown up at a notice, according to the terms of a notice served on the company yesterday. This notice, typed in French and signed by the "Anti-blockade French-Canadian association of Montreal." It has been observed by this association for some past that the Grand Trunk has been employing a large number of "blockies" to the exclusion of good French-Canadians, of whom there are large numbers available in the city without having to go outside for others. This, it deems an injury to the French-Canadians, who are on the spot. There-

## FRY'S Cocoa—A Gracious Stimulant

**N**O T only is FRY'S a rich and delicious food beverage, but it possesses to the full that mysterious, elusive but very desirable "spirit of cocoa" which scientists call "theobromine," a quickener of the brain and nervous force, with no unpleasant after-effects. Exquisite in aroma, of sure purity, easy of digestion—FRY'S is the result of nearly two centuries' experience in high-grade cocoa making.

## THREATEN TO BLOW UP G.T.P. OFFICES IN THIRTY DAYS

French-Canadian Society at  
Montreal Objects to "Blo-  
kies" Being Employed,

If the Grand Trunk does not mend its ways, by getting rid of the "blockies" both in the general offices and the shops, the former are to be blown up.

The notice came through the mail in the ordinary way yesterday and excited a good deal of hilarity among the officials.

An English translation of the note was circulated around the office.

Vancouver, B. C., Jan. 15.—The end of steel on the Grand Trunk was reached Port George Tuesday from the east.

A delegation representing the live stock interests of the province of Alberta, and the ranches of British Columbia, and M. C. Daniels, well-known rancher, will meet the minister of the interior today and present their views on the ranching question.

## ALBERTA DELEGATION INTERVIEWS ROCHE RE GRAZING LEASES

Ponoka, Jan. 15.—The members of the Alberta delegation comprising the opposing ranching and live stock delegation, selected candidates in the recent provincial and federal contests, waited on Hon. J. P. Roche, minister of the interior, yesterday afternoon, and presented their view on the question of regulations governing grazing in the house of commons restaurant by Hon. Louisa, leader of the conservatives.

TOOK CALIFORNIANS  
LONG TIME TO FIND  
TRUTH ABOUT CANADA

Pasadena, Jan. 15.—Canada has been discovered by southern California, and the impression of the dominion in this land of perpetual sunshine was that it was a trackless waste, hot, dry, and desolate.

The people slaved all summer and huddled around the coal stove all winter. Others, however, told a different story.

A steady stream of visitors to the country, men of wealth and leisure, passing

variations among the orange groves, that made California a paradise, where people are highly prosperous.

The latest evidence of this discovery of Canada has been exhibited in Pasadena. The Hotel Green, a large winter resort hotel in Pasadena, has been converted into a Canadian room, where people from the northern states can sit around the fire, and the boards of trade throughout the dominion for the enlightenment of the visitors.

This room will be used as an information center, where visitors can leave their addresses on a register so that they may be found by visitors from the north, who may not even know otherwise of their presence in California.

There is a large ant ever-zig-zag colony in Pasadena, and the Canadian Club is one of the most active institutions in the city. The Canadian party given recently for Miss. Mabel Thomas were guests present from Victoria, Vancouver, Edmonton, Calgary, Winnipeg, Toronto and Seattle.

Canada's Credit Good.

Montreal, Jan. 15.—At the annual meeting of the Dominion Securities corporation, James B. Ross, the president, will, in his review of the market of 1913, point out in

spite of the world-wide scarcity and dearth of money, Canada was about to borrow the unprecedented total of \$300,000,000 from Great Britain.

### Good Prices in Prospect.

Syrup, Jan. 15.—A strongly optimistic note was struck by Mr. George F. Barretto, in his address before the dairymen's convention which opened here yesterday. He said the markets were for a strong demand in the coming year for dairy products, with consequent good prices.

### Friar Fatal Injury.

Sunbury, Pa., Jan. 15.—This city hotel here, one of the largest in central Pennsylvania, was totally destroyed by fire yesterday, as a result of an electrical fire. The loss is estimated at \$125,000, partly covered by insurance. James Lesser, a fireman, was fatally injured.

# MOTHER AND ONE OF HER CHILDREN ARE NEAR DEATH

Arsenic Is Put Into Sugar—Farmer, When He Bought the Drug, Said That He Wanted It to Kill Coyotes—in All Five Victims As a Result of Taking the Mixture.

A wholesale poisoning is reported from about forty miles west of Leduc. A farmer named Prosser is stated to have mixed arsenic with sugar and his wife and four children used the mixture in their tea. The result may be at least two deaths, the mother and one of the little boys are now dead, he is such a condition that their recovery is extremely doubtful.

So far the affair is shrouded more in mystery than fact, the only known fact however, is that Prosser was in the town of Leduc some few days ago and that he purchased from the local druggist a quantity of arsenic, which he stated, was to be used to poison coyotes. On the same day he bought a half sack of sugar, from the merchant details just as to how it came about remaind him the poison in the sugar.

Three members of his family were taken violently ill a few days ago. One of the boys, thought to be about 15 years old, also died suddenly, which he thought was due to arsenic poisoning and seeing his mother and sister in the condition they were, he immediately sent word to a neighbor and told him what had happened. The man immediately rushed to Prosser's house, where he found the mother, little girl, and two boys

were two sick to tell

him of what had caused their illness, but he came to the conclusion that they had been poisoned.

This man, whose name is not known, however, approached Dr. Wood, stating that the family appeared to be poisoned. Why he thought that he described the symptoms and stated that the Prosser boy had told him that his father had purchased arsenic a couple of days previously.

Dr. Wood got into communication with the police, who in turn telephoned to the local force that night, who visited the Prosser home. He in turn telephoned Dr. Wood, stating that there was little hope for the mother and one of the boys, but that the other two were improving rapidly.

The R.N.W.M.P. at Wetaskiwin were notified, and Sergeant Warwick from the barracks was sent out. Late yesterday afternoon he arrived.

The fact that Prosser is a farmer, as well as a doctor, has been mentioned, and it is expected that they will arrive in Leduc today.

Beyond the fact that Prosser is a farmer, as well as a doctor, there is no information as to what has happened. The man immediately rushed to Prosser's house, where he found the mother, little girl, and two boys

## COMMITTEE CALLED TO CONSIDER MAKING ROOM FOR HARRISON

The special committee appointed by the city council to name the new commissioners for the five departments will hold another meeting this afternoon at 5 o'clock. Alderman May is chairman and the other members are members being Mayor McNaughton, Aldermen Campbell, Driscoll and Clarke. The business referred back to the mayor, who is the chair of the committee to four and the responsibility of the park and markets is taken under the care of the mayor himself.

An effort is being made to have the committee approve of the appointment of a fifth commissioner, thus making room for Mr. Harrison who at present has no office, and will have no services with the city until he can find a suitable office, unless a change is made in the situation. Commissioner Harrison has not been at his office since Tuesday and probably will not appear in his office again unless re-appointed.

## EXCELLENT EXHIBITS SHOWN AT INNISFAIL ANNUAL SEED FAIR

Innislip, Jan. 15.—The ninth annual seed fair under the auspices of the agricultural society was held in the council chamber on Tuesday and yesterday. The show was in full swing, respect was given to road exhibits and the attendance was large. There were forty exhibits of grain and ten of potatoes.

The entries showing the best rates were in the different classes. Winter wheat, Joe Cousins spring wheat, J. A. Nolan, Knechtel Valley, J. A. Nolan, A. L. Lewis, C. E. Short, J. A. Nolan, J. A. Lewis, H. D. Dryde, Mountain House; timothy seed, A. L. Nolan; white and red potatoes, W. J. Nolan; beans, B. F. Fortune, B. F. Fortune; identification of weed seeds, J. A. Nolan.

## C. N. R. WILL LIKELY GET MORE ASSISTANCE FROM B. C. LEGISLATURE

Vancouver, B.C., Jan. 15.—No new railway legislation is foreshadowed in the speech from the throne as delivered by Governor General at the opening of the legislature this afternoon. That is to say, some assistance rendered to the Canadian government in their financial plan appears to be indicated in the speech which says that the legislature will likely pass certain measures to facilitate the work of the Canadian government on the coast to be used in connection with reparation to the province. This was given this morning by Dr. Whitehead and Mr. Hyatt, members of the legislative council of the Edmonton city police. The machine is in the best of working order and a good supply of oxygen is being kept on hand ready for use. The council has had much practice training that this squad has but little equipped the force to cope with any kind of accident.

### Doctor Gives Demonstration.

A demonstration as to the proper use of the respirator, popularly known as the "iron lung," was given this morning with reparation to the province. This was given this morning by Dr. Whitehead and Mr. Hyatt, members of the legislative council of the Edmonton city police. The machine is in the best of working order and a good supply of oxygen is being kept on hand ready for use. The council has had much practice training that this squad has but little equipped the force to cope with any kind of accident.

### Wireless Reports Foundering.

Boston, Mass., Jan. 15.—The foundation of the Bath subscriber Grace A. Martin and the rescue of her crew of 17 from the open green boat 100 miles off by the steamer A. W. Perry Halifax for Boston, was reported by wireless today.

## FEEL HEADACHY, DIZZY, BILIOUS?

## CLEAN YOUR LIVER! A DIME A BOX

Sick headaches! Always trace them to lazy liver; delayed, fermenting food in the bowels or sick stomach. Poisons must be eliminated, gather all poisons carried into the system, it is absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, aching headache. Cascarets will relieve the cause by stimulating the liver, making the bile and constipation poison move on and out of the bowels. One tablet twice daily, strengthening and invigorating the system, will help to clear head, clear stomach, sweet, liver and bowels regular, and make you feel bright and cheerful for months. Children need Cascarets, too.

## EDMONTON NOW HAS THE BIGGEST OF ALL AD CLUBS

(Continued)

Edmonton—and they might find some little thing wrong if they looked—they could sell it right if they went about it.

Surprise! Milne had a little surprise in store for the members who he had invited to the "Polo" club, he had told him that after Thursday's story about the man coming to him in the middle of the night with a check and application for membership. He then had handed over the chairmanship of the Ananias club, which he had held previously against all comers, to him. However, Mr. Milne took the chairmanship of the polo club, while the man who walked up seven flights of stairs to join, and then pointed him out to the surprised multitude. Mr. Milne had been a member of the polo club only corroborating the story, but by saying that he would stand by anything Mr. Milne would say.

At next Friday's luncheon, Major Milne and his city council and members will appear before and communists will appear before the club and tell them their policy for this year, which will be certain to bring out a large number of members.

### LATE MARKETS

#### Winnipeg Grain.

Winnipeg, Man., Jan. 15.—American and Winnipeg received a little more rain yesterday, but the weather was very much stronger than yesterday. Heating sales probably account for any falling off today, and the market is still strong.

There was a little more rain yesterday, but the weather was a little below yesterday's figures. There is a continued good demand from eastern markets, foreign offerings still slight.

Receipts were 273 cars imported and 102 in sight.

Local receipts—Minneapolis, 257 cars; Duluth, 44 cars; Chicago, 35 cars.

Cables closed. Liverpool, 64 to 54.

Deliveries through the clearing house—Winnipeg 40,900 bushels, flax 2,000 bushels.

ALL ARE INVITED

PROGRESS REPORTED  
AT MONTHLY MEETING  
OF LOCAL W.C.T.U.

The regular January meeting of the W.C.T.U. was held yesterday afternoon in the Y.W.C.A. parlors. There was a very large attendance, almost all the members being present. The willing workers were added to the roll, most of them from The Highlands. The membership of the W.C.T.U. has grown to a progressive society. A list of 21 new members was added to the roll, most of them from The Highlands. The membership of the W.C.T.U. has grown to the extent of being able to organize a union of their own.

An appropriate address was given by Mrs. H. Darling on the subject "Who is our Neighbor?" The speaker mentioned on the topic that before people can realize the true value of being a neighbor, they must first learn the lesson so often spoken of, love your neighbors regardless of race, nationality or social standing. Through this, learned the speaker, the world has not attained the age of brotherly love.

It was voted to recommend to the regular L.T.L. lecture given at the schools. Mrs. D. G. Hodigan was appointed convenor of this work.

The W.C.T.U. has added a new member, Mrs. Tom Douglas, Miss Elinor Taylor, Mr. H. Baldwin, Mr. Ernest Ferris, Mr. Beckett K. Edmunds, Mr. Tom Campbell, Mr. Blain Norton Ferris.

**Women Bankers Celebrate**

Bankers' Day—A special society function will take place on Saturday at the Women's Bank of Berlin, the only financial institution in the world organized and conducted exclusively by women.

To celebrate five years of successful existence, the bank has invited several hundred distinguished guests to attend the function at its premises in the West End.

The meeting was closed by Mrs. Bullock.

**STORY OF WOMAN'S LOVE AND VILLANY OF MAN AT BIJOU**

It should be stated that the striking feature of the Bijou photo-play house is the refined tone and high class picture productions that are shown on their screen. This is an enviable reputation which is well deserved by the first class pictures.

As an example of the quality of the motion pictures shown there the current feature offering "Love of a Man" is quite outstanding.

The story, as told in the story, not only is one that will touch the heart of the spectator, but is also of the modern day taste and gives most excellent entertainment.

But the chances had always reflected the nomination for reasons not made public. It is understood that the names of the candidates were mentioned at the present occasion, only to be withdrawn on the direct intervention of President Poindexter.

**Bridge.**—A bridge club will be formed this evening at the home of Mrs. W. C. Wilson, 1015—

Mr. and Mrs. John P. Hogan entertained a delightful little dinner party last night. The table was charming with sweet peans and ferns for decorations, and the menu included a dish of white satin draped with black mignon, the bodice of shadow lace edged with diamonds.

Bridge was played after dinner and the entertainment was very much enjoyed.

**Reception.**

Mrs. T. F. Watson, 310 Twelfth Street, gave a reception yesterday afternoon in honor of Mrs. Entey of Calgary, wife of the Potentate of the Alazar Shrine.

**All Young Women Invited.**

A class of Bible study on the life of Christ will be held every Friday night at the Y.W.C.A., Strathearn Hotel, under Mr. Sheldon. A large number attended the first meeting and many more are expected.

The class will be continued every Tuesday at eight p.m., and is open to all young women.

The event has been purposely chosen, as it has been found that there are several who care not for the study of the Saviour.

Miss McLeod, the secretary, will be glad to give any further information about the class.

**Arrange Masquerade Ball.**

The Lyric Club will hold its regular dance this evening at the New Lyric Hall, Short street. Members of fraternal societies and friends are cordially invited.

The ball will be a special masquerade hall on Thursday, January 22nd, particulars of which will be announced later.

**Congregational At Home.**

A congregational at home will be held on Friday evening at eight o'clock in the Griswold Presbytery, ten on Kincaid Street, when a general assembly of members and friends is requested.

**WAS TROUBLED WITH HEART DISEASE.**

Mrs. J. D. Talbot, Owen Sound, Ont., "I have been stricken with a severe form of heart disease, and leaking valves. I have had recourse to every kind of treatment I could think might help me, including a long stay in Europe. I suffered so for years that at times I have felt that nothing but death could end my misery. I was advised by a friend, who had suffered until pain and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills, to give them a trial, so I decided to do so. I am delighted with the result; as I am now completely cured, and can eat and sleep as I have not done for years."

You are at liberty to use my name at any time as I am convinced they are the best pills on the market for any form of heart disease."

Milburn's Heart and Nerve Pills are sold in boxes of 3 or 6 boxes \$1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## CENTRALS AND ESKIMOS PRESENT POOR EXHIBITION--CENTRALS OUTCLASSED

### CENTRALS FALL EASY VICTIMS TO FAST ESKIMOS, IN POOR EXHIBITION

Southern Team totally Outclassed--Helmer Played Wonderful Game in Goal for Visitors--Eskimos Showed Good Combination and Team Work--Dea, Gordon and Neil Sutherland Did Effective Work.

About 1500 hockey on the ice and the "star" of the evening, he proved himself to be worthy of much more than the Central's night with the exception of witnessing a real hockey game between two teams possibly fairly even matched teams. Instead, they saw what in reality turned out to be a long and short, the Central's game proved to be a terrible disappointment as a hockey team. It was expected that the southern seven would appear on the ice, but were much stronger and faster than ever before the season, but from all appearances they left most of their playing ability at home. With the exception of Helmer in goal, the Centrals were totally out-classed from start to finish.

Helmer, the guardian of the nets for the Centrals was easily the best man

Muirhead, Duncan and Reid by their effectual work on the defence.

The game lacked the usual excitement and pizzazz of a packed house and at times, was slow. Many spectators went away disappointed, long before the game was over. It was only during the last half that some brilliant combination work and end-to-end rushes were displayed by the winning team.

The game was called at 8:40. Eskimos rushed matters in and James Sutherland scored their first goal in their effort to score three goals in front of the goal. Dea carried the rubber down and passed, but Helmer was quite at home stopping a fusade of hard shots. He was a particular star in saving three consecutive shots down upon him and got close in, but failed to stop a shot from Gordon, after four minutes of play. Jimmie Sutherland and Hart were each given two points, instead of one, as Eskimos were cheated out of two scores by the great goal-tending of Helmer. James was given a two minute rest and while he was on the fence, Hart scored his second goal in favor of the Eskimos. Time 4:10. Hart was called upon to stop a few hot ones and Hart got a three minute interval. The Eskimos missed another shot, but Helmer was given a rest and J. Sutherland overshot the ball so he was about to shoot. Reid was then called upon to stop a few, when the Centrals got close in. Neil Sutherland made a nice save, but Helmer put one in front of the Central's goal.

The game showed up somewhat, but after five and a half minutes Neil Sutherland scored again on a nice pass, three Centrals got down the ice, and Reid stopped another dead-on shot. McKeown was put off, but the Centrals rushed and gave Reid some hard shots to handle. When play was given to other men, Muirhead secured the rubber and made a nice lone rush, but failed to beat Helmer. After six minutes of play, the Eskimos tallied again, by a beautiful shot from Hart, who beat Jimmie Sutherland. Duncan tore up the ice and came near scoring, hitting the goal post. Had anyone been there to take the rebound, it would have been an easy score. Hart got each team off and in and two and a half minutes the Centrals secured their first goal, via Scott. Hart and Muirhead were put off just as half time was called.

#### Second Half.

The Centrals resumed play in the second half with the score 3 to 1 against them. Both goals were bombarded by many shots at the range. Sutherland and the Centrals almost scored during a scrum in the Eskimo goal, when four or five players were piled on the ice. The Eskimos were given a free kick, penalty of two to do, and he stopped at least a dozen difficult shots. Gordon secured rubber at centre ice and made pretty run and dodge, and passed to J. Sutherland and Hart, secured. Then a minute and a half later, a ten minute rest for putting a man to the boards. In this affete he "pulled" a nice piece of "acting" in an endeavor to make believe he had a broken nose. Daa was caught in the ruse failed, however. Neil was the high scorer of the evening.

Nell Sutherland caused a little excitement at the latter part of the first half, when he caught the puck on the fly, in his hand and threw it into the net. The Centrals argued that it was a foul and wanted Sutherland to leave, but in this they failed, however. Neil was his usual custom, though he had a hell of a game than was pulled off by some brilliant individual rushes. The unbridled behind the Central's goal became as excited once, and was so sure the Eskimos would score, that when they came down the ice four players took the motion of the players stick who was shooting, he raised his arm, but just for a second. Fact was that what looked like a goal was not and was blocked by the "ever present" Helmer. The Dominions held a practice after the game, in preparation for the big game next Wednesday when they stack up against the Eskimos. These contestants, with the Central's Chicks, are set for first place in the league.

### TODAY IN PUGILISTIC ANNUALS

1925--Young Griffis and George fitted fourth 25-round draw at Cooney Island. The little negro and the Australian were about the cleverest boxers in ring history. Griffis, the negro, is the shortest boxer in the world, has an Australian, and the best lightweight that ever came out of the Antipodes. He is a good fighter, trim and bold, and was in good fighting trim he couldn't be beaten. When Jack Laliffe was champion of the world, the crowd favored him to a draw, and most of the fans agreed. The Australian had the shade. George Griffis, the negro, is the shortest boxer, perhaps the greatest man that ever held the title. Both Dixon and Griffis were buried with their gloves on.

1891--Alfredo Martini, Melody, boxer, born at Chateauroux, France.

1903--Frankie Neal knocked out Clarence Forbes in 64 round at San Francisco.

### MOOSE JAW HERE TOMORROW NIGHT FOR BASKETBALL

Fastest Team in Western Canada Will Appear Here Tomorrow Night at "Y"

#### COLTS WILL PLAY VARSITY GYM EXHIBITION STAGED

Local Team Have Been Practicing Hard and Will Put up Strong Game.

Now that the Calvary Centrals have returned to their southern home, a badly defeated team and there are no more games of greater importance this week, a good number of business and sportists are turning their attention to the big basketball game here tomorrow night between Moose Jaw and the local senior team. Moose Jaw basketball is on a tops playing field in Calgary, Edmonton and Saskatoon. They are one of the strongest basketball teams ever gotten together in Western Canada. They play here tomorrow night at the Y.M.C.A. gymnasium.

The local seniors held a good practice last night and the team to represent Edmonton will find time decided on. John Crotty, the big helmsman, will play centre. What John looks in experience and hard-work, will be made up by his wonderful ability to shoot baskets and his position on the floor. Percy Hammann, Norman Clarke will play defence, and it is safe to say that no two better guards can be found on any team in the country. McKeown and Neill as forwards are players available. They are very fast and skillful. They are very good combination and team work. Both men have played the game for years and over. Score 7-2.

The game was handled by Harold Donaldson, referee, who is in his usual efficient manner. Mr. Gandy, who acted as judge of play, is a recent arrival from Vancouver, and proved himself a capable official. He caught the ball well and was a good judge of the number of players adored the fence during the hour the Calvary boys having the greater number of "rests" to their credit.

Neil Sutherland caused a little excitement at the latter part of the first half, when he caught the puck on the fly, in his hand and threw it into the net. The Centrals argued that it was a foul and wanted Sutherland to leave, but in this they failed, however. Neil was his usual custom,

though he had a hell of a game than was pulled off by some brilliant individual rushes. The unbridled behind the Central's goal became as excited once, and was so sure the Eskimos would score, that when they came down the ice four players took the motion of the players stick who was shooting, he raised his arm, but just for a second. I have had recourse to every kind of treatment I could think might help me, including the skill of several doctors. I suffered from such times that I have felt that nothing but death could end my misery. I was advised by a friend, who had suffered untold grief and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills, to give them a trial, so I decided to do so. I am delighted with the result, as I am now completely cured, and can eat and sleep as I have not done for years."

You are as likely to my mind as any time as I am convinced they are the best pills on the market for any form of heart disease."

## PROGRESS REPORTED AT MONTHLY MEETING OF LOCAL W.C.T.U.

The regular January meeting of the W.C.T.U. was held yesterday afternoon in the Y.W.C.A. parlors. There was a very large attendance, almost all the members being present. The willing workers of the local organization are a progressive society. A list of 21 new members was added to the roll, most of these from The Highlands. The number of membership has grown to the extent of being able to organize a union of their own.

An appropriate address was given by Mrs. Holt, on the subject, "Who are our Neighbors?" The speaker dwelt mostly on the topic of neighborly love, to realize the true value of being a neighbor, they must first learn the lesson so often spoken of, to love their neighbors respecting their social, moral, and social standing. Until this is learned, added the speaker, the world has no chance of the age of brotherly love.

The society decided to make a collection of books to be given to the schools. Mrs. D. G. Hodges was appointed convener of this work.

The W.C.T.U. has added a new branch to their program. This is to establish a library for discontinued books. This is a praiseworthy undertaking and it is to be hoped the society will be very successful in its undertaking.

Leon York gave a very interesting talk on, "How to get a Fresh Start." The members were very grateful to Mrs. York for her kindness, in preparing herself to give them a speech very short, but full of interest.

The bank has invited several hundred distinguished guests to attend a banquet at its premises on West 10th Street. They will listen to a recital of the institution's history and more accentuated immorality of the past.

The meeting was closed by Mrs. Holt.

## STORY OF WOMAN'S LOVE AND VILLANY OF MAN, AT BIJOU

It should be stated that the striking feature of the Bijou photo plays is the refined tone and high class picture productions that are shown on their screen. This is an enviable reputation but thoroughly merited by the example of the quality of the motion pictures shown there the current feature offering "For a Man" or "A Woman" is worth the trip. The story of the actor who is one of the most popular in the country is told in a simple and forcible manner.

Roger is a rafter was a student at the film school in Italy, and in his peculiar range of his voice was noticed.

From there he went to Budapester where he joined the ranks of the famous grand opera company.

The story of the nobility and magnificence of the man's home, the foppishness and thoughtlessness of that of man. Mary Mallory is a maid at the same time that James Gordon is employed as a waiter. She is in love with him and falls in love with him.

James however is a scoundrel, while seeing Mary putting some of her mistress' jewels into his pocket, James notes how in his cuff the cufflink of the safe and later steals them. Mary is accused but only denies her guilt.

Then she learns that James has left the city, so she secretly secures possession of the cuff that he left behind him in the combination, and with this found in her possession she is found guilty and goes to prison to shield her sweethearts.

Then she learns that James has left the city, so she secretly secures possession of the cuff that he left behind him in the combination, and with this found in her possession she is found guilty and goes to prison to shield her sweethearts.

For the man who wanted to talk to Roger was none other than Richard Herring, the famous English humorist, who has given up his career to become a film star.

He did everything in his power to induce the young fellow to come to America and make a trip over.

## CENTRALS AND ESKIMOS PRESENT POOR EXHIBITION--CENTRALS OUTCLASSED

### CENTRALS FALL EASY VICTIMS TO FAST ESKIMOS, IN POOR EXHIBITION

Southern Team totally Outclassed—Helmer Played Wonderful Game in Goal for Visitors—Eskimos Showed Good Combination and Team Work—Dea, Gordon and Neil Sutherland Did Effective Work.

About 1500 spectators on the ice and the "star" of the evening, the journeyman Helmer, of the Arctic, took his team right with the expectation of witnessing a real hockey game between two teams, possibly, fairly evenly matched teams. Instead, they saw what in reality turned out to be a farce. The journeyman Helmer, of the Arctic, took his team right with the expectation of witnessing a real hockey game between two teams, possibly, fairly evenly matched teams. Instead, they saw what in reality turned out to be a farce.

The long story short, the Calgary Centrals proved to be a terrible disappointment as a hockey team. It was expected that the Eskimos would appear on the ice with a somewhat different attitude than ever before this season, but from all appearances they left most of their playing ability at home. With the exception of Helmer in goal, the Centrals were totally out-classed from start to finish.

Helmer, the guardian of the nets for the Centrals was easily the best man

Muirhead, Duncan and Reid by their effectual work on the defence.

The game lacked the usual excitement of a "punchy" hockey match and at times, was very slow. Many spectators went away disgusted, long before the game was over. It was only during the last half that something in the nature of end-to-end rushes were displayed by the winning team.

The game was called at 3:45. Each period was 20 minutes. The Eskimos scored their first goal in 11:45 after several passes in front of the goal. Dea carried the rubber down and passed, but Helmer was quite at home stopping a fast one-winger shot. He then stopped another shot from Sutherland, who had been 27 to 28. Trist, Helmer was a hard man to score on.

One reason for the poor showing of the Calgary team was the poor showing of the two great defenders, Hart and Sutherland, who were slow and then again the Eskimos showed right away from them. They also showed very little combination work, and that the play was away off. In short, they did not play up like an Alberta senior team should.

The Eskimos played with the same line-up as last week, and it is without doubt the strongest team they can put out. The play was fast and the game showed up to advantage at times. Dea and Gordon by their long rushes, Neil Sutherland by his deadly shooting, and

1945—Young Griffis and George Dixon fought 25-round draw at Coney Island. The little negro and the Australian were about even in size and weight, George Griffis, whose real name was Albert Griffiths, is an Australian, and the best lightweight that ever came out of Australia. And though he stopped with all of the best fighters of America, and when he trained properly and was in good fighting trim, he couldn't beat the world's best. The draw was the result of the world griffis fought him 10 rounds to a draw, and most of the fans agreed that the fight should have been stopped.

### Second Half.

The Centrals remained play in the second half, but were not to again match them. Both goals were bombarded by many shots at short range. Smith was given another intermission and the Centrals almost scored during a screen but the ball was held up. Hart and Sutherland made some hard work to handle the rebound. When play was carried to other end, Muirhead secured the rubber and made a nice lone rush but failed to beat Helmer. After six minutes of play, the Eskimos called again by a beautiful shot from left wing by Jimmie Sutherland. Duncan tore up the ice and came running hitting the goal, via Scott. Hart and Muirhead were put off just as hard time as called.

### Second Half.

The game was handled by Harold Deeton, who filled the position in his usual efficient manner. Mr. Galbraith was present and Jimmie Sutherland, a recent arrival from Vancouver, and he seemed to be a capable official. He acquited himself very well.

The Eskimos tried hard and gave Helmer plenty of work to do, and he stopped at least a dozen difficult shots. Gordon seemed to be the best player on the ice and made pretty run and dodge, and passed to Jimmie Sutherland, who scored Time 8 minutes. He was later given a rest for getting a man on the board. Hart and Sutherland were the best players of "acting" in an endeavor to make believe he was hurt. This ruse failed, however. Dea was caught "giving the look" to the opposition and dropped them for a foul. Dugan, Duggan, Dugan in grand mix-up in the Calgary goal when half a dozen men were piled on the ice, one of the Calgary players went to the rescue of the referee when he caught the puck on the ice in his bones, carrying the puck with him slowly away down the ice all by his lonesome, carrying the puck with him. The stunt brought forth a laugh from the "fans." Duncan made a long, long rush and was beaten. Dugan in grand mix-up from the Central forward. Dea pulled a pretty end-to-end run and passed to Neil Sutherland, right in front of the Calgary goal, but Helmer was there to stop the goal and made a save. The best shot of the game was after 10 minutes more of play. Neil Sutherland tallied the Eskimos last goal. The score was the result of a nice three-man combination, and a lateral pass was off at the right. Jimmie drew a three minute rest for a little rough work along the boards. End-to-end rushes featured the last ten minutes of play. Both Reid and Helmer made

some whirlwind stops during the last few minutes of the game, but just a second before the bell rang, the Centrals notched another, and the game was over.

### COLTS WILL PLAY VARSITY GYM EXHIBITION STAGED

Local Team Have Been Prac-  
ticing Hard and Will Put  
up Strong Game.

Now that the Calgary Centrals have returned to the city home a highly defected team and there are no more hockey games of importance this week, a goodly number of sports and sportswomen are turning their attention to the basketball game here tomorrow night between the Moose Jaw basketball team and the local senior team. The Moose Jaw basketballers are on a tour, playing Regina, Calgary, Edmonton and Saskatoon. They are one of the strongest basketball teams in Canada and will be in Western Canada. They play here tomorrow night at the Y.M.C.A. gymnasium.

The local seniors held a good practice last night and the team to represent Edmonton has finally been decided on. John Crozier, the big husky six-footer will play centre. What John lacks in speed he makes up by his wonderful ability to shoot baskets from any position on the floor. Percy Hammond and Norman Clark will play defence, and it is safe to say that the two players in guard can be found on any team in country. McKnight and Stevens as forwards are unbeatable. They are both very fast players and know how to work combination. The team is strong. John Crozier has played the game for years. The "Y" has arranged an extensive program for the spectators. The first item on the program is a basketball game between the Fort Saskatchewan team and the local senior team. Both these teams have classy line-ups and may be counted upon to furnish a good exhibition of basketball game. Between the two games there will be a short break. The same with Moose Jaw is staged, physical director Wood has arranged for a gym team exhibition, including tumbling and apparatus work. This in itself will be an interesting feature of the program.

The reserve seats have been selling rapidly and there will be full house to witness the big game with Moose Jaw. Tickets may be had at the Y.M.C.A. office and should be secured at once.
